Dear Robert,

Sorry, I just re-read your message, we can get your colleague to the New Orleans airport by 3:40pm, as right now it's showing a travel time of 35 minutes. We'll face the same traffic flow so there shouldn't be an issue.

You will have ample time at each visit – we'll make it work.

Thanks,

Judith

Hi Judith- We look forward to meeting you next week.

We understood that we would be getting the diagram and answers to our post-meeting questions in advance of the visit. Do you know if that will be this week?

Best,

-Robert

Dear Robert,

We can certainly make this work but I'm out of the office until Thursday (Mardi Gras) so can we discuss on Thursday when I'm back in the office?

Thanks,

Judith

Judith-

I'm planning on leaving the morning of 3/9, but my colleague would like to leave at on 3/8. Is it possible to have him at the NOLA airport by ~340? I'd rather not rush the visit, but would like to accommodate his interest in getting back on 3/8 if we can.

Thanks.

-Robert
